PINNACLE

PREMIUM SOIL WETTING AGENT

Active constituent: 100% specialty non-ionic surfactants

Dramatically improves water penetration
and helps prevent dry patch in turf and lawns.

Overcomes water repellency in horticultural situations.

Non-flammable and Low Foaming

20 LITRES

Pacific Rim Turf

a division of Oasis Pacific Pty Ltd (03) 9580 2488

DIRECTIONS FOR USE

SITUATION	STATE	APPLICATION RATE	CRITICAL COMMENTS
Turf Management Golf greens & tees Fairways Bowling greens Grass tennis courts	All States	2 L/400sq.Mtr 5 – 25 L/Ha 7 Litres 1.5 Litres	Apply in early cool hours of the day and water in well. Pinnacle is usually applied at 1% dilution in water i.e. 50 L/Ha in 5000 L/Ha.
Early application of Pinnacle in mid spring with a follow up treatment in mid summer will usually provide good protection from dry patch and water repellency. Spot treatments with a hand gun can be used to treat problem spots if they occur.			
Domestic gardens Lawns and flower beds	All States	15 mL/10 L	15 ml in a 10 L watering can treats 3 Sq. mtrs. Water in well.
Horticulture General use	All States	1.5 L/1000 L	Apply Pinnacle to water repellent soils around the base of the plant or tree to achieve good wet coverage. Water in well after application.

GENERAL INSTRUCTIONS

Pacific Rim Turf PINNACLE is a non-ionic surfactant suitable for use in most situations where water repellency inhibits or prevents the growth of turf, gardens or crops. If left untreated poor water penetration leads to weak root growth, poor nutrient uptake and low crop yields or death of sensitive plants and turf.

PINNACLE provides rapid penetration of water to highly water repellent soils and continues to achieve deep penetration even as it dilutes while watering in.

PINNACLE is very long lasting and in some situations will continue to function for 12 – 24 months.

Use with herbicides and fertilizers in turf is not recommended as it may increase the phytotoxicity of those chemicals. It is a wise precaution to test all mixtures before committing to large scale use.

MIXING

PINNACLE mixes easily with water and should be added directly to the spray tank after the loading of water. Gentle mixing will minimise foam generation.

STORAGE AND DISPOSAL

Store in closed original container in a well ventilated area, as cool as possible. Triple rinse empty containers and add rinsings to tank. Destroy empty containers by crushing or puncturing them. Bury containers at an approved landfill or bury under at least 500mm of soil at an authorised disposal site.

Date of Manufacture:

SAFETY DIRECTIONS

Avoid contact with skin or eyes. Wear rubber gloves, overalls and goggles or face shield.

FIRST AID

If poisoning occurs induce vomiting and contact a doctor or Poisons Information Centre. If skin contact occurs remove contaminated clothing and wash skin thoroughly. If in eyes, hold eyes open and flood with water for at least 15 minutes and see a doctor.

Additional information is listed in the Material Safety Data Sheet.

PROTECTION OF WILDLIFE, FISH, CRUSTACEA AND THE ENVIRONMENT

DO NOT contaminate streams, rivers or waterways with the chemical or used container.

CONDITIONS OF SALE

The use of PINNACLE being beyond the control of the manufacturer and their agents, no warranty expressed or implied is given by the manufacturer and their agents regarding its suitability, fitness or efficiency for any purpose for which it is used by the buyer, whether in accordance with the directions or not and the manufacturer and their agents accept no responsibility for any consequences whatsoever resulting from the use of this product.
